EXPERT CARE FOR COMPLEX NEEDS

At Rowanbrook Care Home in Walsall, we understand that everyone deserves to live a fulfilling life, regardless of their health challenges. We specialise in providing a supportive and nurturing environment for adults with complex needs.

PERSON-CENTERED CARE AT OUR CORE

Our approach to care is centered around each person. We take the time to truly understand everyone's unique needs and preferences and to understand their life story. This enables us to create a personalised care plan that promotes independence, dignity, and well-being.

HOLISTIC CARE FOR EVERYONE

We believe in a holistic approach to care which covers everything that contributes to someone's overall wellbeing. We offer a varied range of activities either in one-to-one or group environments to help people to find joy and purpose each day. Our domestic team ensures the highest standards of cleanliness are maintained and we focus on good nutrition. Our in-home kitchen team offers choice and variety with meals created with personal preferences and dietary requirements in mind.

A HOME AWAY FROM HOME

Our intimate setting with 54 bedrooms allows us to focus on a smaller number of residents and ensure everyone receives the support they need. Rowanbrook has been designed to feel homely and we encourage residents and their families to bring in personal possessions to help them to settle and feel connected.

LIFE'S NEXT CHAPTER

We believe that with the right care, the move into a care home can be a positive chapter in someone's life story, a chapter that can still offer fulfilment and opportunities for families to stay connected and share in special moments.

"Rowanbrook Care Home has a strong foundation with experienced and passionate staff that strive to deliver the best quality of care, every single day. Person-centred and compassionate care is the top priority. Rowanbrook Care Home promises transparency, honesty, kindness and professionalism to everyone that will be part of the home".

- Deputy Manager
